FOLLOWERS

- Built the account from zero, testing topics, hooks and formats against real audience response.
- Used performance feedback to understand what drove attention, viewing and engagement.

Landing Pages, Copy & Positioning

- Built landing pages and campaign concepts around positioning, customer motivation, conversion-focused copy and UX.

Portfolio Build & AI-Assisted Execution

- Built and deployed an interactive bilingual portfolio using Claude Code, GitHub and web technologies — from concept through implementation and QA.

Professional Experience

Partner — Customer Service Representative 08/2023 – 07/2026

Handled complex customer conversations across TV, internet, telephony and electricity — solving problems and translating technical detail into clear, personal service.

Pelephone — Retention & Win-back 11/2021 – 01/2023

Ran retention and win-back conversations: tailored offers to customer needs, handled objections and identified what mattered most to each customer.

Additional Experience 2014 – 2021

Retention and sales at Remark (HOT contractor); restaurant service, bartending and shift management; military service.
